Consequence Management: OSC Role

- FRP activation - ESF #10
  - EPA, as primary agency for ESF #10, is responsible for protecting human health and welfare and environment
  - ESF #10 performance of activities is not expected to change significantly.
  - But coordination mechanisms will change

How will this work?

Good question.
Incident Has Occurred
(Crisis Management - Initial Actions)

- Notify FBI Special Agent in Charge/Command Post.
- Notify FBI HQ - notifies key agencies.
- Conduct initial agent identification.
- Provide technical support to Local Incident Commander via conference call with key agencies.
- Activate liaisons to Strategic Information Operations Center (SIOC).
Incident Has Occurred
(Consequence Management - Initial Actions)

- Notify FEMA Key Staff.
- Convene CDRG as required.
- Staff/Deploy JOC Consequence Management Group.
- Activate ROC and EST.
Incident Has Occurred
(Consequence Management - Initial Actions)
(Cont’d)

- Deploy liaison to FBI Strategic Intelligence Operations Center (SIOC).
- Deploy Emergency Response Team - Advance Element (ERT-A) to State EOC.
- Activate Emergency Response Team.
- FEMA directs further actions using normal procedures.
NRS Response

- Be aware of the potential for criminal/terrorist causes
- Contact NEIC for assistance
- Contact the FBI Special Agent in Charge (SAC) with suspicions
Issues Concerning OSCs (Conclusion)

◆ Interaction with the FBI

- Utilize your NCP authority within the guidelines provided in the Terrorism Incident Annex in the FRP
- Be involved as EPA works with FBI and other agencies in development of the CONPLAN
- Maintain a good working relationship with local first responders
- Be proactive: Contact your FBI SAC and Regional FEMA offices regarding potential incidents
